

## WAVE OF CUTTING PRICES SPREADING OVER THE COUNTRY

(Continued.)

French pastry, up to 20 cents, 5 cents.

Potatoes, 15 to 45 cents, 3 cents.

Bread and Butter, 15 cents, 3 cents.

Lead Tea, 5 to 20 cents, 3 cents.

John R. Thompson, owner of a chain of restaurants, replied to Foodie's statement by declaring that his restaurants last week served 964,208 meals at a profit of one and three-quarters cents each. This is substantially the same profit made on 16,000,000 meals served last year, he said.

On the basis of Mr. Thompson's figures his restaurants earned \$16,275.25 last week and approximately \$175,000 in 1919, which, he said, was his personal profit after all expenses were paid.

## DECLINE IN COTTON GOODS PREDICTED

Heavy Cut in Prices by Manchester Company Likely to Be Followed.

BOSTON, Sept. 22.—General decline of prices of cotton cloth was predicted to-day by brokers and textile experts here as a result of a reduction of 23-1-2 per cent. in the price of the products of the Amoskeag Manufacturing Company, Manchester, N. H.

The Amoskeag is one of the largest cotton manufacturing plants in the country. Its 10,000 employees produce 4,000,000 yards of cotton goods a week.

Experts pointed out that the wholesale cotton market has been unsettled for some time and that the public has not absorbed cotton goods because of the high prices. Merchants cancelled orders and refused to buy new stocks. Many firms lost one-third of their advance orders.

## FRANKLIN AUTOS CUT 17 TO 21 P. C.

Wages of Workmen Will Not Be Affected, President Franklin Declares.

SYRACUSE, Sept. 22.—The H. H. Franklin Manufacturing Company to-day announced a reduction in the prices of the Franklin automobiles ranging from 17 to 21 per cent.

H. H. Franklin, President, in announcing this action, endorsed the stand taken by Henry Ford for a general lowering of commodity prices to a pre-war level.

Wages at the Franklin plant will not be affected, but an effort will be made to secure lower priced raw materials. Franklin asserts that price reductions are necessary to stimulate business generally and do away with unemployment, which is on the increase.

Operating at capacity, the Franklin plant employs more than 5,000 persons. Within recent weeks it has released 2,400 employees.

## ASSEMBLY FROWNS ON HYLAN BUS PLAN

Leaders Will Also Insist on Limit to Bonds for New School Building.

ALBANY, Sept. 22.—Two bills backed by the Hyman Administration which would permit the city to spend millions of dollars for new school buildings and municipal omnibuses are not to be passed by the Legislature in their present form. The leaders of the Senate and Assembly decided to-day to put some sort of a limit on spending operations.

As sent to Albany, the Municipal Omnibus Bill permits the city to issue long term bonds, without limit as to the amount, for building omnibuses and operating lines. This measure will be changed so that the city will be compelled to "pay as it goes."

"We do not believe that the people of New York should be saddled with a debt for the purpose of operating omnibuses," concluded the leaders.

A limit will also be set upon the amount of money which may be spent for new school buildings and sites. The period for which the cor-

porate stock is to be issued will also be fixed in the bill.

A third measure, which increases from \$7,000,000 to \$13,000,000 the amount of revenue bonds which the city may issue for 1920, will be put through without change. The increased revenue will be used for bridges, street cleaning, ash and garbage collection and snow and ice removal purposes.

The legislative leaders also agreed to pass the bill appropriating \$2,000,000 for a hospital for World War veterans who are suffering from mental diseases; also the bill permitting the State Comptroller to increase the interest rate on short term of notes of the State.

## NO VENDERS UNDER BRIDGE.

Commissioner of Plant and Structures Whelan decided yesterday to reject all the bids received for the renting privileges on city property under the Brooklyn Bridge. The one bid received was from the present incumbent.
